# RUST GUARD PREMIUM™ VCI POLYETHYLENE BAGS

## FLAT & ZIPLOCK

### Rust Guard Premium™ VCI Flat Poly Bags

Available in both Cast Metal and Multi-Metal BioTect formulations, our Rust Guard Premium™ VCI flat bags provide excellent protection in a wide range of sizes for your metal parts. Our cast metal formulation provides industry-leading protection for cast metals, including grey iron, ductile iron, white iron, austempered ductile iron, malleable iron, and other cast metals. While our Biotect MB VCI provides unparalleled protection on ferrous and non-ferrous metals such as steel, aluminum, iron, copper, brass, bronze, magnesium and galvanized steel.

### Rust Guard Premium™ VCI Poly Ziplock Bags

Available in both Cast Metal and Multi-Metal BioTect formulations, our Rust Guard Premium™ VCI ziplock bags provide excellent protection with a convenient press lock seal for your metal parts. Our cast metal formulation provides industry-leading protection for cast metals, including grey iron, ductile iron, white iron, austempered ductile iron, malleable iron, and other cast metals. While our Biotect MB VCI provides unparalleled protection on ferrous and non-ferrous metals such as steel, aluminum, iron, copper, brass, bronze, magnesium and galvanized steel.

*Custom sizes are available. Call 855-466-7878 for availability and pricing.*

# RUST GUARD PREMIUM™ VCI POLYETHYLENE SHEETING, WEAVE & TUBING

## Rust Guard Premium™ VCI Poly Sheeting

Rust Guard Premium™ VCI Poly Sheeting is an outstanding choice when you need to protect large, heavy metal parts, machinery, or equipment. You can get it in widths up to 20 feet and thicknesses from 2 mils to 8 mils. It is water resistant and will prevent rust and corrosion on all ferrous and most non-ferrous metals for up to 36 months. Rust Guard Premium™ VCI Poly Sheeting protects most ferrous and non-ferrous metals including, cast iron, steel, stainless steel, galvanized steel, iron, copper, brass, chromium, nickel, aluminum, silver, tin, magnesium, tungsten and manganese.

## Rust Guard Premium™ VCI Poly Tubing

Rust Guard Premium™ VCI Poly Tubing is the perfect way to protect narrow to wider metal parts that may come in several different lengths. This material can be cut to the desired length and heat sealed. This eliminated the need to carry several different sizes of VCI bags in your inventory. Plus, since each bag is cut to the exact length you need, you save money.

## Rust Guard Premium™ VCI Poly Weave

Rust Guard Premium™ VCI Poly Weave is a tough-as-nails product that is designed to protect large, heavy products or equipment from rust and corrosion for 24 months. This woven material has extra puncture resistance, making it the ideal product for protecting items with sharp edges or corners. VCI protection is on the blue side, with the white side facing out. Rust Guard Premium™ VCI Poly Weave provides outstanding moisture barrier properties, and can be used to wrap large, irregularly shaped items.

## RUST GUARD PREMIUM™ VCI POLY SHEETING

20' x 100'	.004	2,000 sq. ft. / Roll
20' x 100'	.006	2,000 sq. ft. / Roll
36" x 500'	.004	1,500 sq. ft. / Roll
48" x 500'	.004	2,000 sq. ft. / Roll

## RUST GUARD PREMIUM™ VCI POLY TUBING

5" x 1,500'	.003	625 sq. ft. / Roll
8" x 1,500'	.003	1,000 sq. ft. / Roll
12" x 1,000'	.004	1,000 sq. ft. / Roll

## RUST GUARD PREMIUM™ VCI POLY WEAVE

36" x 600'	75 GSM	1,800 sq. ft. / Roll
48" x 600'	75 GSM	2,400 sq. ft. / Roll
60" x 600'	75 GSM	3,000 sq. ft. / Roll

*Custom sizes are available. Call 855-466-7878 for availability and pricing.*

# RUST GUARD PREMIUM™ VCI PAPER

## ROLLS & SHEETS

### Rust Guard Premium™ VC Paper Rolls

Rust Guard Premium™ Paper Rolls are available in BioTect 30 and Universal Primex 30 VCI formulations. Our BioTect 30 product is a 30# Natural, unbleached, pH neutral kraft paper impregnated with BioTect VCIs to protect both ferrous and most non-ferrous metals from corrosion with the cleanest, safest, all-natural ingredients. Our Universal Primex 30 VCI product is a 30# Natural, unbleached pH neutral Kraft paper impregnated with Universal Primex anti-corrosion VCI solution and is impregnated for protection on both sides of the paper.

### Rust Guard Premium™ VCI Paper Sheets

Our Rust Guard Premium™ Paper also comes in a wide variety of pre-cut sheets available in both BioTect30 and Universal Primex 30 VCI formulations.

#### Stand Alone & Mounted Roll Dispensers

Available in various horizontal and verticle styles with counter, wall mount or roller options. For more information call 855-466-7878 or email [info@green-vci.com](mailto:info@green-vci.com)

# RUST GUARD PREMIUM™ VCI SELF SEAL BUBBLE BAGS & STRETCH FILM

## Rust Guard Premium™ VCI Self Seal Bubble Bags

Green Packaging, Inc. Bubble bags provide the ideal way to protect high precision metal finishes from damage, marring and scratching, and corrosion while in transit or storage.

## Rust Guard Premium™ VCI Hand Grade & Machine Grade Stretch Film

Large, irregularly shaped equipment can be easily and effectively wrapped in Rust Guard Premium™ VCI Stretch Film. It is an excellent choice for wrapping steel coils and comes in a variety of sizes and thicknesses. Rust Guard Premium™ VCI Stretch Film keeps metals clean, dry, and rust-free, while unitizes and palletizes metal items for maximum safety and protection during storage and shipment. Metals protected include, cast iron, steel, stainless steel, galvanized steel, iron, copper, brass, chromium, nickel, aluminum, silver, tin, magnesium, tungsten, and manganese.

### Stand Alone & Mounted Roll Dispensers

Available in various horizontal and vertical styles with counter, wall mount or roller options. For more information call 855-466-7878 or email [info@green-vci.com](mailto:info@green-vci.com)

# RUST GUARD PREMIUM™ VCI EMITTERS, FOAM PADS & WIRES

## Rust Guard Premium™ VCI Chipboard Emitters

Rust Guard Premium™ VCI Chipboard Emitters are 30-point fiberboard impregnated with VCI vapor and contact corrosion inhibitors for ferrous and non-ferrous metals. Designed for long-term storage and shipping of ferrous and non-ferrous metals, Rust Guard Premium™ VCI Chipboard Emitters are ideal for small parts packaging — just drop a chip or two into a Rust Guard Premium™ VCI Poly Bag and seal for storage or shipment. Standard chips are 1" x 1"; other sizes are available.

## Rust Guard Premium™ VCI Foam Pads

Polyurethane pads that are impregnated with VCI technology, Rust Guard Premium™ VCI Foam Emitters combine corrosion protection with surface protection and cushioning benefits for packaging metal parts. These pads can be used as VCI emitters for corrosion prevention and as cushioning for sensitive products. Rust Guard Premium™ VCI Foam Emitters are ideal for small parts, which need cushioning in addition to VCI protection. Stock foam emitters are 10" x 10" x ¼" thick and protect up to 8 cubic feet per pad. They are also available in 1" x 1" pads.

## Rust Guard Premium™ VCI Wire Emitters

Rust Guard Premium™ VCI Wire Emitters provide corrosion protection of tubes, pipes, or conduits in storage or during shipping. The wire strip is placed inside the tube, which is then capped or sealed. The length of the wire strip should equal the length of the pipe, and within hours, the vapors from the wire strip saturate the enclosed air space. Metals protected include carbon steels, stainless steels, copper, brass, aluminum, silver, galvanized steel, and solder.

## RUST GUARD PREMIUM™ VCI CHIP BOARD

1" x 1"	N/A	2,500 / Case
36" x 36"	N/A	500 / Case

# RUST GUARD PREMIUM™ VCI POWDER PACKS & POWER CARDS

## Rust Guard Premium™ VCI Powder Packs

Rust Guard Premium™ VCI Powder Packs offer outstanding VCI protection in convenient, easy-to-use sachets that contain VCI powder and a powerful punch when used in an enclosed space. They are ideal for any metals that require extra corrosion protection for extreme conditions, during transport or for long-term protection of up to five years.

## Rust Guard Premium™ VCI Power Cards

Rust Guard Premium™ VCI Power Cards offer the convenience of added VCI protection in hard to reach areas. VCI Power Cards offer excellent protection when used in an enclosed space, especially for electronic components or any metals that require extra corrosion protection for extreme conditions, or for long-term protection of up to five years. Rust Guard Premium™ VCI Power Cards are available in two sizes: 2"x 4" and 8"x 8".

## RUST GUARD PREMIUM™ VCI POWDER PACK
